Microsoft

3 ways to make an app

Empower your team to start building and launching apps right away using pre-built templates, drag-and-drop simplicity, and quick deployment.
With **Power Apps**, there are three ways to easily make an app:
Here's how

Begin with a clean slate—with a little bit of structure to keep it easy.
Canvas app from blank   Model-driven app from blank   Portal from blank

Start from data

Integrate with SharePoint, Excel Online, SQL Server, Common Data Service, and more.

Start from template

Choose from dozens of templates to quickly create apps.

A few examples include

| Onboarding Tasks | Power Apps Training | Budget Tracker | Help Desk | And more |
